

FIGHT FOR CLAUDE WILL BEGIN TO-DAY

(Continued from 1st Page)

Bond was fixed at \$5,000. A month before Sidney Allen lead his band into Hillsboro, the Circuit Court, sitting at Richmond, granted a new trial, and this was to have begun at the town of court beginning Monday. The \$5,000 bond is signed by Sidney and Floyd Allen and three other Carroll county men. It is declared forfeited if in said District Attorney Holton will recommend that it be offered by the government as a reward. This recommendation, it is said, will also have the approval of Judge Boyd.

At the time of the trial, Floyd Allen and other Carroll county friends of Sidney Allen were in constant attendance and deputy United States marshals have since admitted that they had advised that the Allens would not submit to a jail sentence.

SHELDON ASKS FOR \$3,000.

Hendersonville, N. C., May 26.—W. D. Sheldon, the Atlanta traveling man who claims to have seen Myrtle Hawkins in Jacksonville after her body was reported to have been found in the waters of Lake Okechobee last September, and who is held as a witness for the defense, declared to a press representative to-day that if the sum of \$3,000 was deposited to his credit in one of the local banks he will produce Myrtle Hawkins in Hendersonville, Counsel for the State however, declare that they take little stock in Sheldon's story, and this afternoon when he is placed upon the stand.

The case will be resumed to-morrow morning, when the State will continue the presentation of evidence.

College Finals Begin.

[Special to The Times-Dispatch.] Lynchburg, Va., May 26.—The finals at the Virginia Christian College began this afternoon with the basketball game between the Blue and the White teams. The exercises will be concluded Thursday morning, after which the annual meeting of the board of trustees will be held.

Collier Sails for Key West. Newport, R. I., May 25.—The naval collier Cyclops, which arrived here today from Newport News, loaded with coal, found orders awaiting her to proceed at once to Key West to join the fleet. The collier sailed immediately.

HISTORIC SHIP TO BE SOLD

Minor American Republic May Buy Gunboat Yorktown. Vallejo, May 26.—The United States gunboat Yorktown, one of the vessels of Dewey's fleet which captured Manila, was placed out of commission at the Mare Island Navy Yard here Friday.

The vessel probably will be sold to one of the Central or South American republics, although it is reported that Mr. Zeno has made a provisional offer of purchase.

The Yorktown was commanded by the late Admiral Robley D. Evans at Valparaiso, Chile, during the strained relations between the United States and Chile in 1891. It was Evans's diplomacy, backed by the guns of the Yorktown, that brought about a speedy settlement of the dispute.

NEWS OF FARMVILLE

Farmville, Va., May 26.—Roscoe Bulger, of Ohio, will take charge of the Hotel Prince Edward on July 1.

An appeal to the circuit court occurred at Farmville, Va., on May 25, at the place of the Farmville Manufacturing Company. While working one of the planing machines one of the belts became unhooked and struck Hardy with considerable force. One of the belt hooks passed through the man's lower lip and fastened itself to his tongue. A fellow-workman came quickly to Hardy's rescue, and in trying to extract the hook from his tongue the leather beltling gave way from the other end of the hook, which shows how firmly it had fastened itself to the flesh.

C. C. Dillon, whose sensational death occurred in Chicago recently, was a resident of Farmville for several years, being engaged as a workman for the Bell Telephone Company.

An appeal has been sent out by Captain S. W. Paulett, asking the descendants of Confederates to organize a camp of Sons of Confederate Veterans, and in the command of the camp by him a meeting will be held to-morrow night in the courthouse.

The Town Council of Farmville has made an appropriation of \$500 to be devoted to premiums on agricultural products shown at the fair to be held next fall. The Prince Edward Board of Supervisors has under consideration the appropriation of a like sum to be used as premiums on farm products, including live stock and hard wood.

A committee from the board and paid out by them on county warrant.

Quantities of fruit and of an unusual variety are maturing in this section. It is believed this will be an unprecedented year for good crops. In some sections, especially the Buckingham border lands, the wheat crop is looking badly. It is reported that a fly of some sort is doing great damage to the wheat.

The Board of Health is offering 25 cents a pint for ordinary house flies, the same to be delivered to the chief of police of the town.

The residence on South Main Street, so long occupied by the late E. T. Rice, has been removed to give place to a handsome and modern home for A. M. Barrow.

Cards have been issued for the marriage of Miss Cora Bethel Staton, of Sandridge, to Arthur Lloyd Noel, of Farmville, the ceremony to take place on Wednesday morning, June 5, at Emmanuel, New York.

One more week and the State Female Normal School will close its present session with more than one hundred graduates.

A fire occurred this morning in the plant of the Buffalo Manufacturing Company, but was soon extinguished by the prompt arrival of the fire department.

'GRAB' WARNING TO ROOSEVELT MEN

Washington, D. C., May 26.—Notice is being quietly served on the Roosevelt men that if the Southern delegates already instructed to vote for President Taft desert him for Mr. Roosevelt, the men personally friendly to President Taft, who have been elected as Roosevelt men will feel free to vote for the President.

"If the Chicago convention is turned into a grabbag President Taft will pull out more than Mr. Roosevelt," said one of the President's political friends last night.

Between twenty-five and thirty men who favor President Taft as against Mr. Roosevelt were elected delegates in the Illinois primaries, although the preference vote was overwhelmingly for Mr. Roosevelt. There are delegates from Maryland and Massachusetts, Oregon and Pennsylvania, who are personally for Mr. Taft, but are prepared to be guided by the preference. Taft men in Washington say they will not feel so bound, however, should Mr. Roosevelt's agents succeed in securing Southern delegates elected and instructed for Mr. Taft to go back on their instructions and vote for Mr. Roosevelt.

Republican delegates elected since last table was published, on May 19—Ohio primaries elected thirty-four delegates.	40

New York, May 26.—The Herald says:

President Taft's chances for capturing the Republican presidential nomination are greatly lessened by the desertion of the last week.

Theodore Roosevelt, with steady gains, is likely to enter the convention on an almost equal footing with him.

The national committee is practically divided to decide which of the two men, if either, is to be the standard-bearer of his party, and more talk of "bolts" and a new candidate.

Such is the situation in the Republican presidential battle three weeks before the convention, as shown by the Herald's impartial country-wide canvass of delegates. The Southern delegates from the President to Mr. Roosevelt could result in the nomination of the latter, and there are rumors that the Southern men in some states already are making preparations to get on the Roosevelt bandwagon.

The situation is most unprecedented.

The President has fifty-two delegates yet to gather in to assure a majority. Mr. Roosevelt has to get 116. Both have the sixty delegates yet to be elected and the thirty-six instructed for Senator La Follette and Senator Cummins to pick from. Much will depend on how the New Jersey primaries go this week, when twenty-eight delegates are to be chosen. Mr. Roosevelt likely will obtain the ten from South Dakota and the eight delegates at large from Texas. The President likely will have the six delegates from Arizona.

On the Democratic side Speaker Clark still has a good lead and appears to be gaining. Governor Wilson is running second with 199 delegates. Representative Underwood is "setting tight" with his eighty-five delegates. Governor Harmon is more formidable now having captured a majority of the delegates from his own State, and Bryan talk is being heard in many parts of the country.

Taft Delegates "Flop." Special efforts were made by the Herald to ascertain if members of some of the Southern delegations were preparing to go over to the Roosevelt standard. In South Carolina four more delegates—six having already "switched"—announced that

they would vote for Mr. Roosevelt. That gives him ten of the eighteen delegates. In Mississippi some of the delegates are maintaining secrecy regarding what they intend to do. There are rumors that some of them will "flop." In Arkansas the Taft men are firm. In Louisiana there have been no desertions. In Georgia the delegates will have the support of the delegates.

In Connecticut some of the instructed delegates say they would prefer to vote for some one more certain of election next November than the President, but that they will obey instructions. The example of those in some other States, say, however, that they would rather be beaten at the polls with Mr. Taft than to win with Mr. Roosevelt.

With the primaries out of the way in Ohio attention now centres in New Jersey. The Herald's correspondents find a growth there of Roosevelt sentiment and feel certain that the delegation will be divided. Indications seem to be that Mr. Roosevelt will have the better of the battle. The President stated in his speeches in New Jersey that no matter how the struggle ended in that State he would have a majority of the delegates in Chicago. Some of his closest advisers, speaking privately, said that the whole matter is "up to the national committee, and they believe that at the present time they have control of that body.

There can be no doubt that last

week was a bad one for the President. Failure to carry a majority of the delegates in his native State weakened him in other sections of the country, where primaries are yet to be held. According to a dispatch from a special correspondent in Pierre, S. D., the recent Roosevelt victories have practically assured control by Mr. Roosevelt of the ten delegates to be elected from that State. This Commonwealth was for Taft a few weeks ago.

Mr. Barnes, Potent Factor.

In the course of the week the President obtained eight delegates in Ohio and lost four from South Carolina, making his net gain four. Mr. Roosevelt obtained thirty-four delegates from Ohio, which was his net gain for the week.

So close may the contest be when the delegates assemble in Chicago that the thirty-six delegates elected to Senator La Follette and the key to the situation. There is little likelihood that any one of the La Follette men would cast his vote for Mr. Roosevelt in the event of a break because of the treatment accorded to Senator La Follette by Mr. Roosevelt. There is a strong likelihood also that New Hampshire, through its State chairman, William Barnes, will occupy a position of vital importance in the convention. He is unalterably opposed to Mr. Roosevelt, and while nominally for the President and determined to cast as many votes for him as he can control, he would become a third candidate. Other prominent leaders in New York State and Roosevelt men are far more anti-Roosevelt in their attitude, and they state freely that they would be glad of an opportunity to set both men aside and choose a compromise. But whenever a compromise is suggested the leaders say that the moment there is serious thought of abandoning Mr. Taft a great many of his delegates immediately will switch to Mr. Roosevelt. They say they have little reason to believe that more than a handful of delegates from Mr. Roosevelt column would swing to Mr. Taft.

In tabulating the list of delegates thus far chosen the Herald places twenty-six of the forty from Texas among the doubtfuls. This is done because there are contests in practically all of the Texas districts, and both sides lay claim to nearly everything. There seems to be little doubt that each of the leading candidates will receive a fair share of the delegation from New Mexico. The Herald also places in the doubtful column the fourteen delegates from Washington. They were instructed for the President, but the Roosevelt faction is strong there, and a convention and instruction of the delegates for Mr. Roosevelt. Likewise, the eight Massachusetts delegates at large are classified as doubtful. While nominally instructed for Mr. Roosevelt, they technically belong to the President, and Mr. Roosevelt asked them to vote for Mr. Taft. Some of them declared they would not do so.

Work for the Steam Roller. There seems to be no doubt that the great battle will be carried into the convention and that it will be one worth witnessing. As matters now stand, the national committee is an important factor, and the leaders of both sides are speculating as to whether the Taft men, assuming that they are in control when it meets in Chicago on June 8, will proceed in the old-fashioned way to use the steam roller in the interest of the President's candidacy.

The Democratic fight is attracting great interest also, and with the Republican contest, it will be a very interesting one. The Democratic party will now doubtless receive more attentions, Governor Harmon carried his State by a substantial vote over Governor Wilson, who, however, made a very good showing, and according to the party rule Mr. Harmon will have the entire forty-eight delegates. The Herald's table does not give him the six delegates at large yet to be chosen, but they are assured for him. They will be elected next week.

Virginia elected thirty delegates with a voting strength of twenty-four. Two are instructed for Governor Wilson, two and a half are presumably for Representative Underwood, one for Speaker Clark, and one for Governor Harmon. The Herald's table places all except the two instructed for Governor Wilson in the doubtful column.

AVIATOR BADLY SHAKEN UP

Machine Is Partially Wrecked—Beachey Goes Up 5,000 Feet.

New Haven, Conn., May 26.—Aviator Howard Gill narrowly escaped being capsized, and his Burgess Wright machine was partially wrecked when he alighted precipitously in making a turn in Yale field yesterday. One of the wheels was completely smashed and the undergear of his machine was strained. As the machine was out of commission it was unable to make expected ascents.

Gill was badly shaken up, and his machine scooped considerable turf from the Yale baseball field in the collision. Gill said tonight that with the addition of a new wheel and a slight repair to the rear his machine would be ready for flights.

Beachey's flight for altitude sent him soaring 5,000 feet in twelve minutes. He appeared dressed as a woman and was introduced as Mme. Heine. His blonde wig and his carefully displayed it on alighting did the crowd suspect his identity.

Woman Commits Suicide.

[Special to The Times-Dispatch.] Lynchburg, Va., May 26.—Mrs. Sarah Feinman, aged about eighty years, died yesterday night at her home here after taking carbolic acid. Her family contends the drug was taken by accident, due to her inability to read, but Dr. Hammer, the city coroner, after investigating her death, gave a certificate of death by suicide. The body has been taken to New York City for burial.

Enthusiasm Is In Evidence Locally

Because of the Marvelous Results Obtained Daily By Many Citizens

The people of Richmond are rapidly awakening to a full appreciation of "Tona Vita," the new tonic now being introduced here. Statements by many who have tested the preparation are of an extremely favorable character and the demand is growing steadily larger.

Mr. F. B. Childress, a well-known gardener of Williamsburg Road, one mile from Richmond, in discussing the value of the new medicine, recently said: "For four or five years I suffered with indigestion and all the concomitant symptoms, belching, sour stomach and gas after eating. I was extremely nervous during these attacks of acute indigestion. I had been treated by four or five physicians, and had tried various remedies, but without any alleviation of my trouble. I decided to try 'Tona Vita,' and have obtained wonderful results. I had been unable to work for some time, but can now do a full day's work."

"Mr. Childress' trouble was a pronounced case of nervous debility, which is likely to be found existing in any Richmond family," said one of the specialists who are here introducing "Tona Vita." "Half of the people in the larger cities find life a burden as a result of this modern plague," continued he.

"Such people have uncertain appetites, poor digestion, uneasy sleep, little ambition and feel too tired to do justice to their work most of the time. They suffer from timidity, have no initiative, are drawn out and haven't enough good, rich blood in their veins to make them capable and self-reliant. Their nerves are in such a state that they imagine themselves afflicted with various diseases at different times. The real trouble with them is debility, produced by the strain of the modern city life they are forced to lead. There is little of this ailment among the residents of the country, where people live a more wholesome existence."

"Tona Vita" will remove this miserable condition. The medicine must do the work or we don't want money for it."

"Enthusiasm continues to prevail generally where the new product called 'Tona Vita' has been used. The great amount of good which seems to have been accomplished is the cause of considerable comment by those who have seen its wonderful work. Case after case of persons who were comparatively nervous wrecks and had been sufferers from stomach trouble for years has been reported, and the results of 'Tona Vita' are said to have been astonishing in nearly every instance."

"We will be at the Polk Miller Drug Company, No. 834 East Main Street, from 9 A. M. to 8 P. M. to meet the public and explain the nature of the tonic. The sale of the preparation in Richmond is entirely satisfactory to us, and is growing larger very fast."

STRANGE AT TUSKEGEE

Delivers Annual Commencement Sermon Before Institute Students.

Tuskegee, Ala., May 26.—Bishop Robert Strange, of Wilmington, N. C., to-day preached the annual commencement sermon at the Tuskegee Normal and Industrial Institute, one of the leading negro educational institutions in the country. The graduation class, numbering forty, will receive their diplomas next Thursday.

Death of Frederick S. Myers.

Frederick S. Myers, for many years a resident of this city, died on yesterday morning at 8 o'clock at the Jefferson Hotel. Mr. Myers was in the tobacco business here for many years and a member of the firm of Myers Bros. & Co. Since his retirement from active business he has spent most of his time in travel, and only returned about six months ago. He is survived by a widow, Mrs. Clara E. Myers, son, Sylvan Myers, of Norfolk, and two daughters, Mrs. Frank L. Myers, of St. Louis, and Mrs. H. E. Myers, of Norfolk, Va.; one sister, Mrs. Julius Edes, of this city, and brother, Sigis Myers, of Savannah. The funeral will take place at the residence of his sister, Mrs. Julius Edes, 322 West Grace Street, 4:30 P. M., and interment will be at the Hebrew Cemetery.
